

**CORRIGENDUM - 4****E-TENDER NO.: AGL/Head Office/Contract and Purchase/20/25-26/ET/20 [CNG EMD COMPRESSORS] Dated 21.01.2026**

SI. No.	AGL Clause Description			Bidder's Query	AGL Reply	
1	SECTION III Payment Terms	Page 44 of 124	Sr. No. 2	10 % of the total supply order price (per compressor package) will be paid within 30 days of successful completion of Installation, Testing, Commissioning and Field Performance test (4 hours) and Field trial run (72 hour) at site and acceptance thereof by Owner and submission of all technical documents as per tender requirement. However, if erection is not started within 120 days after supply due to nonavailability of site / gas, balance payment of 10% of the total supply part shall be processed for release to the successful bidder. In case of delay in receipt of material at site the invoice value shall be reduced to take care of stipulation of PRS clause of the contract.	Please note that the Field Trial run cannot be conducted, as it requires continuous discharge for 72 hours, as vehicle is not available on a continuous basis during the initial stage to fill the gas, we request that please remove the requirement for the 72-hour Field Trial run.  Field trial runs are not carried out for CNG packages, as this is followed by all major CGD companies.	Please note that continuous running of compressor for 72 Hrs is not necessary, however, compressor will remain under observation for continuous 72 Hours on commercialization and for same report shall be submitted

**This Corrigendum-4 forms an integral part of this e-Tender and a copy of the same is to be submitted along with the Bid.**
